# WOOD MATERIAL

---

The LIVIEL woodworking company is located in the heart of Europe, in Hungary.

We have been working with wood for nearly 30 years, specializing in solid oak and pine, and for certain products, we use carefully selected and repurposed reclaimed wood, giving new life to the values of the past.

After decades of development, we now use technologies that faithfully reproduce the appearance and texture of "aged" wood. This allows us to offer our products at accessible prices, with an extraordinary look that nowadays is often considered a luxury finish.

By blending traditional methods with modern technology, we provide high-quality, unique products that meet today's standards.

Our primary focus is manufacturing, yet LIVIEL offers more than just wooden furniture and accessories. We also create unique and beautiful pieces by combining wood with glass and metal, perfectly suited for any setting.

We take pride in our attention to detail and the quality of craftsmanship, evident in every piece of furniture or accessory we produce.

the authentic alpine collection

## RNW 005

---

1 DOOR - 3 DRAWER STORAGE CABINET  
1260mm x 1650mm x 550mm

The RNW collection is an elegant series of storage furniture characterized by our love for solid wood and refined carpentry.

Inspired by the atmosphere of the Alpine mountains, these pieces highlight the beautiful craftsmanship and natural qualities of the materials, along with durable construction solutions. LIVIEL works exclusively with solid natural materials and natural finishes, which offers a significant advantage, as the furniture is easy to maintain, care for, and refurbish.

The RNW furniture provides efficient and stylish storage, enhancing every room in the home.

BEDSIDE TABLE  
450mm x 505mm x 345mm

# WORKBENCH FURNITURE

*Live in the moment!*

## UNIQUE AND UNREPEATABLE

Recycled wood is close to our hearts. We search for, rescue, and give new life to pieces from the past. The workbenches used in carpentry workshops are reinterpreted.

We honor every unique and impressive imperfection that helps bring our designs to life.

Each workbench tabletop carries traces of the past: distinctive features such as cracks, exposed grains, scratches, old nail holes, saw marks, hammer dents, remnants of old paint, or rust marks—all of which contribute to the unique character of the recycled wood.

We transform these into furniture, giving them new functions, and they live with us in every moment.

## BULL

2000mm x 900mm x 600mm

# TABLE TOP

*touch and feel!*

Natural wood is at the heart of everything we create. Our goal is to preserve and reproduce this natural essence as perfectly as possible.

Every tiny detail of a surface shaped and formed by nature is unique and mesmerizing, carrying life within it. We offer you this shared creation – bring it into your home as a tabletop, and enjoy every moment of its appearance and feel.

At the same time, we give you the freedom to design your own furniture. Select a tabletop that best suits your living space, and choose legs or a base structure in a material that matches your style and design preferences, achieving the perfect overall effect. Simply place the tabletop of your chosen size on the base, and your ideal dining table is ready.

### Table Top 04

---

Lenght optional: 1600 - 3000mm  
 Width optional: 900-1200mm  
 Tickness optional: 40-50-60mm

For larger sizes the structural pattern may vary.

### Table Top 03

---

Lenght optional: 1600 - 3000mm  
 Width optional: 900-1200mm  
 Tickness optional: 40-50-60mm

For larger sizes the structural pattern may vary.

### Table Top 02

---

Lenght optional: 1400 - 6000mm  
 Width optional: 800-1500mm  
 Tickness optional: 40-50-60mm

For larger sizes the structural pattern may vary.

### Table Top 01

---

Lenght optional: 1400 - 6000mm  
 Width optional: 800-1500mm  
 Tickness optional: 40-50-60mm

For larger sizes the structural pattern may vary.

Natural solid wood is increasingly considered a luxury, as the feeling it provides takes us back to nature while offering a sense of quality through its uniqueness.

In addition to the products showcased on the previous pages, we also manufacture many other items of different functions and styles. Take advantage of this opportunity and share your ideas with us so that together we can create something unique for you.

# Made to Measure

Our furniture collections offer functional and beautiful pieces that fit perfectly in every room of the home.

The RNW and Workbench series feature ready-made models in specific sizes.

The Table Top Collection is available in various widths, lengths, and thicknesses—depending on your needs.

Additionally, since we handle every step of production from raw material processing to the final touches, we offer the option to order custom-sized and shaped products.

Please contact us so we can create the perfect piece for you.

# Surfaces and Colours

Liviel works exclusively with solid natural materials and natural finishes, which offers a significant advantage in terms of easy maintenance, care, and restoration of the furniture.

In our products, we highlight the uniqueness of the wood, its natural colour, and surface texture. We achieve this through a multi-step process.

To achieve the final surface layer, we use traditional materials such as soft or hard wax, but we also work with various natural varnishes and the most modern NANO varnishes.

Custom-colored surfaces are also available upon request—after prior consultation—but please note that since the wood itself determines the base appearance, in some cases, we can only modify it.
